

"To discount or not to discount—that is the margin."

20.08.2025

Andrii, Dilek, Philipp

Conclusions

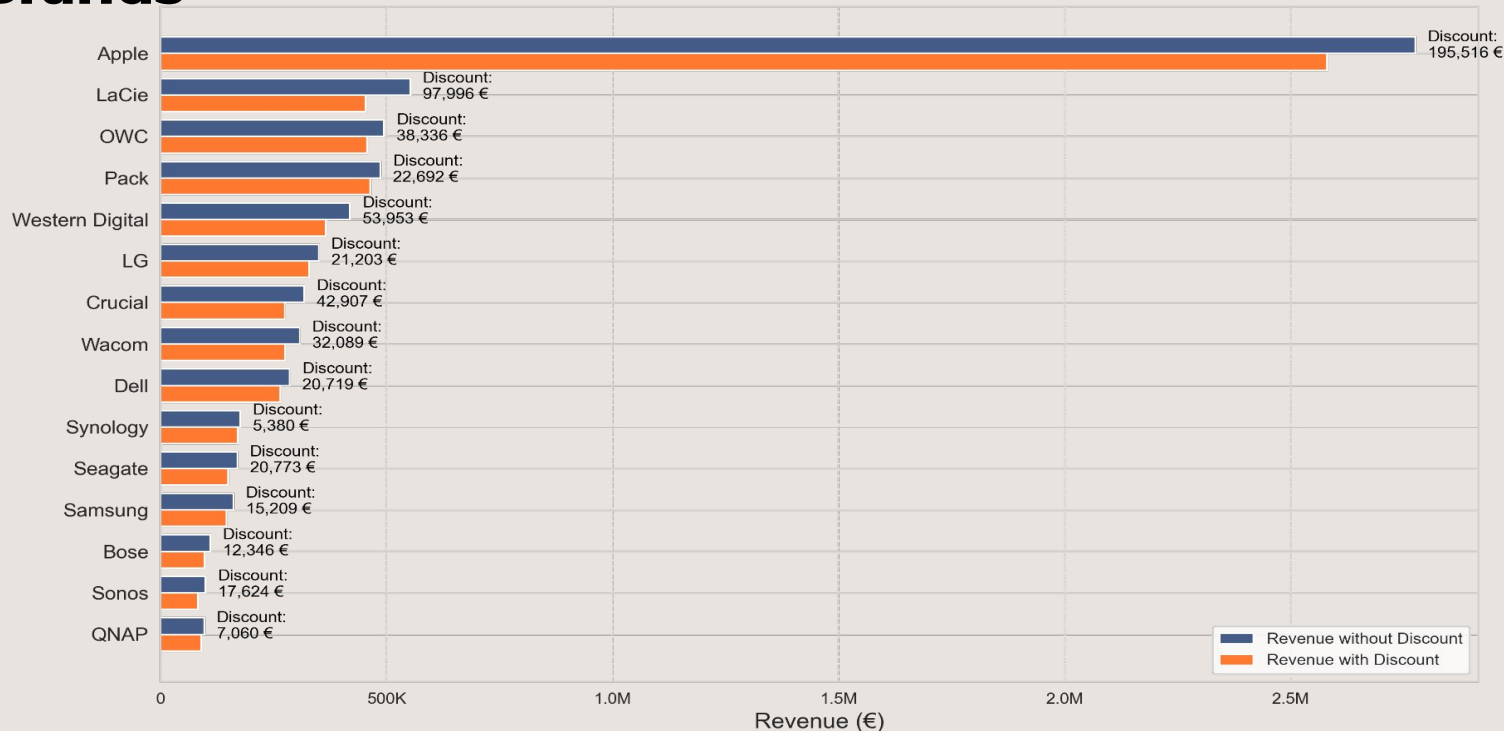

**A more differentiated
discount strategy**

General Overview

9,2% of
revenue is spent on
discounts

Revenue with and without Discount for Top 15 Brands

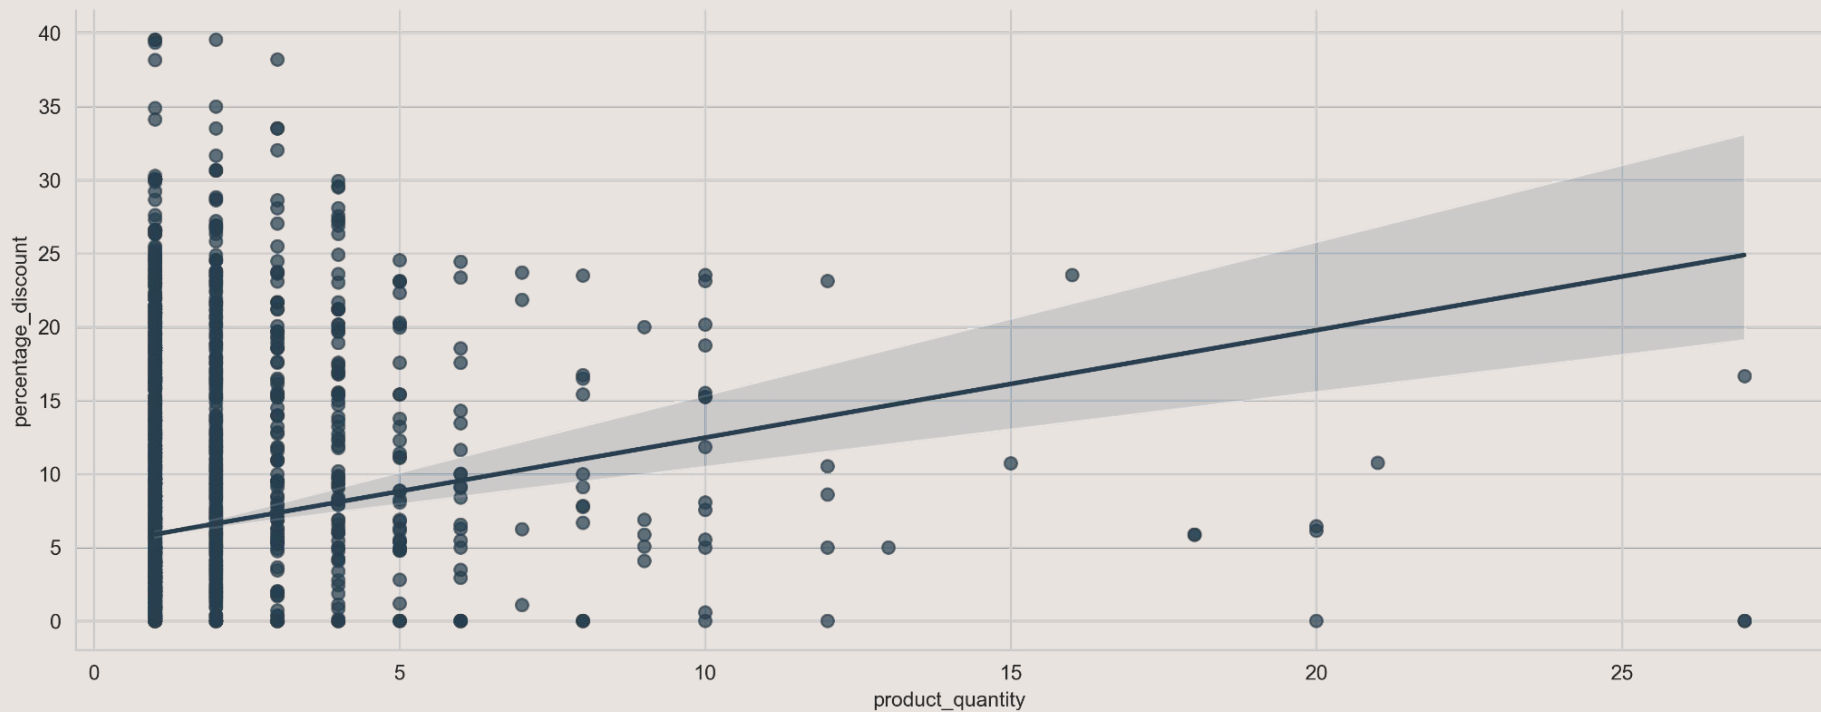

In the chart, we see that discounts are relatively moderate — protecting margins while only slightly reducing revenue.

Average Discounts and number of items sold (TOP 10 Brands)

Relationship between qty and discount

Ratio of discounts provided (by category) to units sold (by category)

Brand: In TOP Brands, Category: High

Brand: NOT in TOP Brands, Category: High

TOP BRANDS

- Apple
- Pack
- OWC
- LaCie
- Western Digital
- LG
- Wacom
- Crucial
- Dell
- Synology

Brand: In TOP Brands, Category: Medium

Brand: NOT in TOP Brands, Category: Medium

DISCOUNT CATEGORY

- Low up to 10%
- Medium up to 25%
- High more than 26%

Brand: In TOP Brands, Category: Low or Negative

Brand: NOT in TOP Brands, Category: Low or Negative

Ratio of discounts provided (by category) to units sold (by category)

Brand: Apple, Category: High

Brand: Samsung, Category: High

Brand: Apple, Category: Medium

Brand: Samsung, Category: Medium

Brand: Apple, Category: Low or Negative

Brand: Samsung, Category: Low or Negative

DISCOUNT CATEGORY

- Low up to 10%
- Medium up to 25%
- High more than 26%

Ratio of discounts provided (by category) to units sold (by category)

		Apple	Samsung
Discount categories	Categories	Correlation coefficient	
High more than 25%	Apple MacBook	0.865	
Medium up to 25%	Apple iPad	0.120	
Low or Negative up to 10%	Apple Cables	0.195	
High more than 25%	NAS, HDD, SSD, Memory stick and cards		-0.152
Medium up to 25%	Monitors		0.389
Low or Negative up to 10%	Monitors		0.081

the data

Recommendation

A more differentiated discount strategy

- Reconsider high and low discounts for top 10 brand items
- Use value-based incentives instead — like bundles, free upgrades, or exclusive offers

Improvements Data Pipeline:

- restructure numerical columns such as price for future analysis

Further improvements:

- accumulate more client data such as reviews
